Comment #1:

The City of Glendive is in full support of the proposed amendment to the modification to the 2013-2014 Annual Action Plan. The use of funds to relocate tenants who are in unsafe living conditions only makes sense. We have one of these situations in Glendive with the Makoshika Estates building where the tenants have to be relocated due to potential life safety issues surrounding the building. These tenants are low income and are definitely in need of the optional relocation assistance proposed within this amendment. The City of Glendive is in favor of this amendment.
