Please take 10-15 minutes to fill out our

The State of Montana is developing a five-year plan to guide policy and investment for housing, economic, and other community development. The five-year plan, also known as the “Consolidated Plan for Housing and Community Development” is required by the U.S. Department of Housing and Urban Development (HUD) to assess Montana’s needs and current conditions as well as to determine priorities and allocate HUD funding.

We hope that you will share your opinions and perspective with us so that, together, we can identify and address housing and community development needs throughout our state.

Survey close date has been extended to Tuesday, March 31st
